I teach high school and use these puzzles as bellringer/warm-up activities to start class. My students almost always love them once they understand the "rules" for each puzzle (teenagers aren't always the best at reading directions - go figure). The puzzles are great for developing reasoning skills and vocabulary and they're fun. I can't say enough good things about them. Check out the other Puzzlemaster books, too. 0 of 0 people found the following review helpful. Do these speedy quizzes yourself...or better

yet, play with friends around the campfire! By KB33A good variety of word puzzles that can be done rapid-fire like a game show while sitting around the campfire or in a car on a road trip. I have taken this book and Will Shortz's Puzzlemasters and Brain Busters on several adult camping/backpacking/rafting/hiking trips and they are always crowd pleasers!!!! It's compact, lightweight format makes it easy to stuff in your pack! 0 of 0 people found the following review helpful.
