Parker I love these photographs! I purchased this book as a gift for a friend who has a Weimaraner and she loved it! 17 of 17 people found the following review helpful. Runway Models-- Look Out For Some Heavy Competition! By Janelle-Louise Precious, precious darlings! I originally bought this book for my nine year old Godchild who loves to "play" fashion model with her dog. The minute I opened this book the weimaraner models stole my heart and I knew I had to get a copy to keep on my cocktail table. Everyone, who, like me, loves haute couture and adores those fabulous creatures who are best friends to us all will not be able to

put this book down. Everyone who sees this book at first smiles ear to ear--then simply goes wild with laughter. They all want their own copy. The models look so very elegant and poised in trend-setting fashions. This is classic fashion photography with warm precious amber eyed beauties looking back at you. It is dog photography at its best.

Weird, funny, insightful, and always amusing, the author's dog photography shows canines in a host of very human poses and garb, including some of the hippest fashion on the market.

"Dress these dogs up and photograph them...and they're irresistible...Now he's done it again...Doggie divas dressed to the canines." -- Philadelphia City Paper
