**April Parker : Willow Travels the World: A Book of Shadow Puppets (Volume 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Willow Travels the World: A Book of Shadow Puppets (Volume 2):

The story focuses on the character Willow as she travels the world making new friends along the way. It has a simple story with intermediate level vocabulary and multiple short sentences per story page perfect for the budding reader ready for the next challenge. This book contains photographs of shadow puppet animals and a photograph of how my daughter made each of them with her hands so the reader can try to make them on their own.
