Williams This is a fantastic book that can be enjoyed by persons of all skill levels. Jeff shows some very interesting hands, and takes you through his thought processes. These aren't bizarre complex squeeze-type hands, but just the typical difficult decisions we have to make, whether we are at the local club, or a National event. He includes

humorous asides, foibles, and really captures of drama of such a high-level event. I hope he writes another one.0 of 0 people found the following review helpful. A unique over-the-shoulder look at the thought processes of one of the world's best players as Jeff Meckstroth takes the reader through the highs and lows of winning the Bermuda Bowl -- the world teams championship. Written in the style of Terence Reese's classic 'Play Bridge with Reese', this book gives readers a chance to make their own decisions at critical stages in each deal, and compare their solutions with the authors'. The narrative does not follow any specific world championship event, but all the deals are ones that Meckstroth actually played in Bermuda Bowl competition. Meckstroth is regarded as one of the top half-dozen players in the world; as his first book, this title will attract a great deal of attention.
