**Lyman Hall : Winning Blackjack** before purchasing it in order to gage whether or not it would be worth my time, and all praised Winning Blackjack:

Of all the gaming opportunities at today's casinos, blackjack is the most attractive for serious gamblers. These astute gamers know that blackjack offers the player the best opportunity to control his or her destiny. In Winning Blackjack,

author Dr. Lyman Hall divulges his time-tested formula for success at the blackjack table. He pulls no punches. He feels that your time is too valuable to waste on diplomatic jargon and pie-in-the-sky promises. Dr. Hall has been called "America's Dean of Blackjack Teachers." He has played the game in nearly every casino in the United States and Europe. Hall has also had first-hand experience with offshore casinos in the Caribbean, aboard ships, and on the Internet. In short, he knows how to win at any venue. In the fact-filled pages of *Winning Blackjack*, Dr. Hall shares his insider secrets learned through many years of "trial and terror."

This small book has one goal, which is to make you a better blackjack player and increase your chances of making a profit. Anyone heading to Las Vegas might want to invest in this pocket sized guide. (Scott Lynn Kex Radio Portland) About the Author Dr. Lyman Hall has been called America's Dean of Blackjack Teachers. He has played the game in nearly every casino in the United States and Europe. Dr. Hall has also had first-hand experience with offshore casinos in the Caribbean, aboard ships, and on the Internet. In short, he knows how to win at any venue.
