**Christie Golden : World of Warcraft: Arthas: Rise of the Lich King (World of Warcraft (Pocket Star))** before purchasing it in order to gage whether or not it would be worth my time, and all praised World of Warcraft: Arthas: Rise of the Lich King (World of Warcraft (Pocket Star)):

0 of 0 people found the following review helpful. Amazing lore, great read for Alliance lovers. By ChrisI've read a few of Christie Golden's books and I wasn't pleased. After reading this I think I wasn't mad at her writing, I simply wasn't interested in the lore the other books had to offer. Simply put I am more of an Alliance player in the game and I enjoy reading books about Alliance heroes. Too many books are about the Horde and this book was focused on the Alliance side. It's an amazing back story to all of the events and lore of the Lich King and many well-known heroes of the Alliance which was perfect for me since I didn't start to play the WoW until Warlords of Draenor, so my lore of the past was missing. These books are helping me catch up and help me when I am away from my computer to still enjoy the wonders of Warcraft. 0 of 0 people found the following review helpful. A pleasant diversion. By ElizabethI've been playing Warcraft since before it was a MMORPG. Normally I avoid reading books like these though I thought I'd make an exception, as I loved the Wrath of the Lich King content. Christie Golden's novel sort of lets us all peek under the hood, see what happened to Arthas to make him who he is. We see this happen through the campaigns in Warcraft III, but reading it is very different. It also shows us how some of the other characters came to be who they are as we know them in World of Warcraft, as well as in the end of WCIII. I primarily read it during work breaks, but I would read it again. Golden knows how to turn a phrase, and was a great choice to author a book like this. 0 of 0 people found the following review helpful. Excellent book by an excellent writer. By James O'KChristie Golden is such a good writer that my son requests any and all books written by her. He loved this one the most out of all the books I bought him. His only complaint was he felt it was too short.

The book World of Warcraft fans have been clamoring for the true story behind one of the Warcraft universes most terrifying villains, Arthas the Lich King. Author Christie Golden does for Arthas what she once did for the Orc Lord Thrall in the bestselling Warcraft: Lord of the Clans, in another epic exploration of one of the key characters from the eleven-million subscriber massively multiplayer online role-playing game.

"Of all the Warcraft manga, comic books, and novels I have read, Arthas has the most solid, balanced writing and best realized characters.... There's much to love about this book.... When it ended, I could feel the pangs in my heart as if I was one of the participants." -- WowInsider.com "This book is an overdosed cocktail of lore and continuity that will numb your senses.... I can only say one thing about this. I (beep) love this book!!!" -- Blizzplanet.com About the Author New York Times bestselling and award-winning author Christie Golden has written more than forty novels and several short stories in the fields of science fiction, fantasy, and horror. Among her many projects are over a dozen Star Trek novels and several original fantasy novels. An avid player of World of Warcraft, she has written two manga short stories and several novels in that world. Golden lives in Tennessee. She welcomes visitors to her website: ChristieGolden.com.
