**BradyGames : World of Warcraft: Warlords of Draenor Signature Series Strategy Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised World of Warcraft: Warlords of Draenor Signature Series Strategy Guide:

23 of 25 people found the following review helpful. This book can be a helpful reference getting used to ...By Charles DarwinThis book can be a slightly helpful reference getting used to all of the changes Blizzard has implemented in the

expansion. It's a bit silly calling itself a "Strategy Guide", not much strategy here, more like lists of things. Most of it is highly redundant for anyone who's been playing WoW for a while, things that you already know. Guessing that over 90% of its target audience is veteran players, making the entire first third of the book "An Introduction for New Players" seems a bit much. 3 of 3 people found the following review helpful. Brady keeps pumping out great game guides! I highly recommend for beginners and advanced WOW players. By B Jacobs I've had great luck with all the WOW game guides. This is a great book, too. They do a great job illustrations too. I keep buying the guides. I like having them right in front of me when I play. Lots of info and things you might not of realized you want to know about the game. Good for beginners and advance WOW players. Recommend. 2 of 2 people found the following review helpful. Tiny typeface in a beginner's guide By M. Fairchild OK guide for new players though many specific questions can be answered much faster with on online search. I found the tiny type size used nearly impossible to read. It is no more than 6 point type and may be as low as 4 point or even lower. Do some online searches to learn about the game and only buy this book if you are a brand new player with superb vision.
