BradyGames : World of Warcraft: Wrath of the Lich King Official Strategy Guide (Official Strategy Guides (Bradygames)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised World of Warcraft: Wrath of the Lich King Official Strategy Guide (Official Strategy Guides (Bradygames)):

10 of 10 people found the following review helpful. Who is this guide designed for? By Gosten I'm a soldier deployed in Iraq for another 6 months. I'm addicted to WoW, but cannot play often or reliably due to satellite internet issues. So I bought this book to help get my fix for the new content. I read the book cover to cover a couple times and I did find useful information, but what struck me was how much of the book is wasted pages. Best example of this is 40 pages listing all the achievements you can get. If you actually have the game, all you have to do is log in and hit the 'Y' key

to see the list. Similar with the PvP and PVE badge gear lists. They have dozens of pages that are not well organized giving information that the gear vendor in game will easily tell you. The first 4 dungeons in the Xpac have walkthroughs and boss fight strategies. This is the content I was interested in. But only the first 4 dungeons out of 10 and no coverage of the new raid instances. The death knight starting quests are well covered with many screenshots. Would have been nice if they did that with other of the new quest zones instead of just a useless list of quest names in each of the new northrend zones. I think the problem with this guide comes from the fact that they were trying to release it so early. Their information comes from a couple people who were in the beta-test and thus they could only level up to a cap of 77 before hitting the printing press. So I would say this guide is designed for people interested in the new WoW expansion, but who are not active players. If you already have a lv70 character and have bought the expansion, you'll find nothing here of use to you. [...] 0 of 0 people found the following review helpful. Best WoW expansion. By The Greatest THE best WoW expansion to date. Not even close. Bringing down the Lich King was one of my top video game experiences of all time. The raid and dungeon content were some of the best in the games history. 0 of 0 people found the following review helpful. nice strategy guide help with a few of the dungeons ... By Mark A. McGovern nice strategy guide help with a few of the dungeons in Northrend has an extensive list of reputation achievements for your perusage
