Greg Keyes : XCOM 2: Resurrection before purchasing it in order to gauge whether or not it would be worth my time, and all praised XCOM 2: Resurrection:

4 of 4 people found the following review helpful. Mediocre. By Rich B. Disappointing. What should have been a sci-fi action novel linking XCOM:EW to XCOM 2 with the potential for dramatic guerilla warfare, character development, and especially a storyline for the Avenger, fell flat and shallow. The pitiful few combat scenarios were too vague and we start and finish knowing little about the characters. I gave it 2 stars because it does include Vahlen and Shen, but their character development was provided by the game. Otherwise, don't waste your money. 0 of 0 people found the

following review helpful. A good story in an interesting universe brought down by an ...By Nicolas DionneA good story in an interesting universe brought down by an overly simple writing style, I know huge descriptions la Tolkien is not for everyone but there is goodness in moderation, i like progression in narrative but progression is better when accompanied by a sense of being there. The book is good and makes for a nice, light read but I just feel as if the potential of the universe it is set in is just not used enough.1 of 1 people found the following review helpful. This is an alright book with some good things in itBy Jack SchniderThis is an alright book with some good things in it. But it's somewhat lacking, and the love story feels so awkward and forced. There is very little character development, and we instead get lots of action and exposition. It's good at setting the scene for XCOM 2, but not a whole lot else.

In the world of XCOM, the governments of Earth unite under threat of an alien invasion and form XCOM, an elite paramilitary organization tasked with repelling the extraterrestrial offensive and defending humanity. Woefully outgunned, XCOMs only hope is to outsmart and outmaneuver the enemy by turning the aliens power against them. Making clever use of game elements, XCOM: Resurrection details the strategy and costs of war in a compelling narrative sure to delight sci-fi aficionados and fans of the game series.

About the AuthorInsight Editions is a publisher of illustrated books on photography, music, and popular culture. Elegant and informative, their books showcase the best of art and photography in exquisite presentations of the bookmaker's craft. They are based in San Rafael, CA.
