GreatBy VictorGreat1 of 1 people found the following review helpful. could use some mapsBy BPeglowI own the whole Xenosaga trilogy and guides for all 3. I love the games, and the guides. I would have to say that this guide is a bit disappointing compared to the other 2 as it's lacking maps.1 of 1 people found the following review helpful. Good guideBy RPGGamerThis guide contains everthing a guide should have except one maps! MAPS! MAPS! It contains absolutely no maps! But everything else is well done. Overview of storyline, character strengths, weaknesses, and abilities. The guide itself is also good and contains absolutely no

spoilers. It has good tips for bosses. In the back details all side quests and missions that can be completed as you play through the main story line. And man does this game contain one heck of a story line just like the first two!! Gotta love Xenosaga! Overall a good investment!

A year has passed since Xenosaga II. The development of KOS-MOS is to be cancelled, and a mysterious android, T-elos, appears to be taking KOS-MOS' place. Suspicion surrounds the emergence of T-elos, but one team is destined to find out the truth.
