The book is nice, it has good pictures, good quotes, and it's put together pretty well. It's good for an introduction to Yoda, as well as for any collector or casual fan.I would request that Star Wars company starts making new Yoda merchandise... make more Yoda dolls, in various sizes and qualities. For example, an oversized super soft Yoda I would buy to sleep with. I already have the latex posable Yoda doll which is excellent for display, but not great for cuddles. I also have the pillowtime pal Yoda which fills my desire for Yoda cuddles at present. But I do want more. I'd appreciate a much bigger, softer Yoda doll than the latex one, or the pillowtime pal. I would also like Yoda figurines (well made but not expensive), ranging from large to small. A collab with Zippo for a Yoda lighter (something humorous) would be great too. The most important thing to focus on is keeping Yoda's appearance (especially facially) as close to the movie version as possible. As a Yoda connoisseur, good likeness to the original Yoda is tops on my list when it comes to dolls/stuffed toys and figurines.Thanks!0 of 0 people found the following review helpful. Five StarsBy Judith BrilesLove the sage Yoda ... happy edition to my office.

The ultimate Jedi Master from Star Wars is also the perfect totem for wisdom in all of life's pursuits. Having explored the galaxy and studied the Force for hundreds of years, Yoda has passed on his knowledge of the Jedi arts to generations of the galaxy's greatest heroes. Now you can have your own Yoda sensei in your life! This one-of-a-kind, hand-painted Yoda statue comes with a customizable galactic display stand, a booklet of Yoda's most inspirational musings alongside full-color illustrations, and a sheet of removable stickers of select quotes. Perfect for the office, mantle, bedside table, or anywhere else the Force might come in handy.
