ForbesInteresting book on Beatles bootleg LP's (no CD's back then) novelty records from the 1960's 70's. Book only goes up to 1980 - printed in 1981 but if you remember the LP's (I've seen a few of them) it's worth a read.What a pity they couldn;t do an updated version include the 1980's LP's singles. worth buying for fans or radio people as a good research book.
